09 MAR 13 PM 12:43

Dear Mr. De Frate:

I am writing in concern of the 100 percent engineer drawings for the closure plans for the Dellar Landfill. Pursuant to the Clean up Abatement Order the 100 percent engineer drawings are due to the Water Board in April. Due to funding, we will not be able to meet the deadline of April.

We are currently taking to City Council a supplemental agreement that will pay for the work needed to be done to complete the engineer drawings. This is scheduled for March 31, 2009. It is estimated the drawings will take two to three weeks to complete, making them ready to submit mid May 2009.

Please advise me if this is acceptable.

Thank you in advance for your continued patience on this project.

Sincerely,

Marty Strauss, IWPS
